INTRODUCTION

Imagining California as an Island in the East of the Mediterranean

Tawla's cuisine is true to this concept, local and sustainable ingredients with an Eastern Mediterranean identity. Such cuisine calls for wine that both reflects and compliments; our wine list is a carefully curated global selection to accompany such distinctive flavors. We highlight producers that not only make quality wines but those using ethical practices.

You are invited to explore wines from the region that inspires our menu, as well as wines from around the world.

Christina Sanger
Wine Director

Brandon Howell
Assistant Wine Director

BOTTLING DESIGNATIONS

(BD) - *Biodynamic*

Following the principals of biodynamics - that all things are considered living interrelated systems. This practice is a holistic approach to farming; adding vitality to the ecosystem as a whole.

(O) - *Organic*

Made without the use of any artificial treatments.

(S) - *Sustainable*

Produced in an environmentally responsible fashion or producers who offset their carbon footprint, from their vineyard to the cellar; incorporating anything from water conservation to using renewable energy in their production. Some even planting forests on their land.
